

Workability 1

Workability 1 is accepting applications from students for the 2009-2010 school year. Students who are 16 or older may come to the transition area, room 5 to pick-up an application. Off-Campus jobs will not begin until we get our grant funding letter sometime in October.

We will start interviews by October 1, 2009.

If you have any questions, please see Ms. Cooper, in Transition Area-Room 5

Due to a fire in our Transition House in June, we are unable to take orders at this time. We will let you know when we have replaced damaged items and can fill orders once again.

Thank you for your patience.
